

Protection for prestige motor vehicles

Many owners of prestige motor vehicles are unaware of the availability of specialist insurance and simply insure their cars under standard policies. Consequently, they miss out on many of the benefits that may be available to them.

- Do you own more than one vehicle and want to streamline your insurance protection?
- Do you want service and protection that reflect the value and quality of your car?
- Do you regularly take your car abroad?
- Is your car fitted with an expensive in car entertainment system?

If so, our Private Client team will be happy to assist you.

What we can deliver

'Agreed value' motor policies - no arguments in the event of a claim.

Comparable courtesy car – you can continue to drive a high standard vehicle whilst yours is undergoing insurance related repair.

Choice of repairer - so you can choose where your vehicle is repaired.

Multi-vehicle policies – helping to reduce your costs and administration.

Unlimited foreign use - providing flexibility to take your car abroad whenever you like, with the added benefit of European breakdown cover.

As with any insurance policy, terms and conditions apply. Full details will be provided on request to us at any of the contact points shown below.

Experience the difference

At Marsh, we work with insurers who have a flexible approach to the risks they are prepared to insure. We are experienced in designing bespoke cover for each client, that matches your asset portfolio and lifestyle. We provide a dedicated contact to handle your account and to give you expert advice on your personal insurance needs.
